

CBSE STUDENT ROTATION INTEREST FORM

The West Central Alabama Area Health Education Center (WCA AHEC) seeks to improve healthcare delivery to Alabamians living in rural and medically underserved areas by coordinating the Community Based Student Education (CBSE) Program in our thirteen-county service area.

Students who are completing coursework towards a specific health profession may request to complete a required clinical rotation with a local healthcare provider through our CBSE Program. If you are interested in applying to complete your rotation through the CBSE Program, please complete the form below and email, along with a current resume, to the CBSE Program Coordinator, Adrian Collier at Adrian.Collier@wcaahec.org.
